

MOUNT GRAHAM MINUTE

April 2022

[MORE INFO >](#)

NOTE FROM THE CEO

April is National Volunteer Month and we at MGRMC have many THANK YOU's to express to the volunteers that quietly go about their work helping us take care of Our Community. The Auxiliary are the most visible with members at our front counter and gift shop – those mint jackets tell you the wearer is ready to help you! The Foundation Board members are mostly visible at our community fund raisers and during their on site board meetings at which they plan their next event and additional ways they can raise money in support of helping Our Community. The Hospital Board of Directors are ever present with several of them working in and around MGRMC. Most of our Board Members are Community leaders with a passion for MGRMC. The Hospital Board has guided the growth, stability and commitment to Our Community needs for more than 50 years – prior to our hospital opening at our current location. We are grateful to all the Volunteers who help us provide health care for Our Community.

- Roland Knox, CEO

APRIL IS VOLUNTEER MONTH- CELEBRATING THE MEN AND WOMEN BEHIND MGRMC

Have you ever sat in our front lobby, greeted by a smiling volunteer in a mint jacket? Or browse through our Gift Shop while visiting a loved one to get out of surgery? Visited our Cancer Center or lay in a new patient bed bought and paid for by the MGRMC Foundation? The hospital's Auxiliary volunteers and Foundation Board are some of the volunteers that make it all possible and play a tremendous role in our community's experience with MGRMC. April is National Volunteer Month, and MGRMC celebrates our Auxiliary and Foundation for their dedication to serving our community.

Auxiliary

Our Auxiliary members, famously adorned in their mint jackets and bright smiles, contribute to our hospital through fundraising efforts and volunteering at our front desk and gift shop.

Our Auxiliary is always looking for fundraising opportunities. It is famous for their Christmas House, a fundraiser done selling homemade crafts and baked goods during the holiday season. The COVID-19 pandemic has not slowed down the Auxiliary's spirit. They have continued to raise money through various raffles and auction nights.

To become an MGRMC Auxiliary Volunteer, call (928) 348-441, visit a volunteer at our Gift Shop, or visit our website: <https://www.mtgraham.org/auxiliary/>.

MGRMC's Foundation

The MGRMC Foundation supports Mount Graham Regional Medical Center in all of its endeavors to improve the quality, scope, and availability of health care for the entire community through philanthropy, education, and awareness development. Foundation Board members are comprised of community members that are passionate about serving their neighbors, friends, and families.

The Foundation hosts two golf tournaments a year, one at the Mount Graham Gold Course in Thatcher and one in Phoenix at the Arizona Biltmore Resort. These tournaments include a full day of golfing fun, prizes, and a 50/50 raffle.

To donate to MGRMC's Foundation or for information on the Fall Golf Tournament at the Mount Graham Golf Course, please call Jodi McGinty at (928)348-4293 or visit our website: <https://www.mtgraham.org/foundation/>.

Board of Directors

MGRMC has 15 Governing Board of Directors, all of whom are members of our community passionate about providing quality healthcare to Graham and Greenlee counties. Five of these Directors are members of the District Board, who are elected by our community.

These board members volunteer countless hours to make decisions for our hospital and our community. They are passionate about MGRMC and the patients that we serve. Their stewardship and leadership help guide Mount Graham Regional Medical Center and ensure we can do so for many years to come.

As hospital staff, we are grateful for the opportunity we have to serve our entire community. As a community hospital, we do not serve strangers- we serve our neighbors, our friends, and our families. This would not be possible without our volunteers who fund MGRMC and volunteer countless hours to ensure MGRMC is everything our community needs. If you see any of our incredible volunteers this month, let them know how much they are appreciated!

Come join us!

Come see Copper Mountain Clinic new location!

YOU'RE INVITED!

Come see Copper Mountain Clinic's brand NEW clinic!

Friday, April 29th
Open House: 9-10 am
Ribbon Cutting Ceremony: 9:30 am

Medical Office Complex
